

SQUARE TREAT BOX (Open Top)

- 1) Cut card stock to 8-1/2"x3-1/2".
- 2) Score horizontally, 1-1/2" from from bottom edge.
- 3) Score vertically at 2", 4", 6" and 8".
- 4) Cut scored rectangle away from bottom right corner. (see illustration)
- 5) Cut along the 2", 4", 6" and 8" score lines, ONLY UP TO the horizontal score line at 1-1/2" from the bottom.
- 6) Adhere 1/2" edge to other side of box, then fold in and adhere bottom flaps.

The dimensions for this box were chosen to easily get 3 boxes from one sheet of 8-1/2"x11" card stock.

To create a larger square box (and get 2 boxes from one sheet of 8-1/2" x 11" card stock, use the following dimensions:

- 1) Cut card stock to 10-1/2"x4-1/4".
- 2) Score horizontally, 1-3/4" from from bottom edge.
- 3) Score vertically at 2-1/2", 5", 7-1/2" and 10".
- 4) Cut scored rectangle away from bottom right corner. (see illustration)
- 5) Cut along the 2-1/2", 5", 7-1/2" and 10" score lines, ONLY UP TO the horizontal score line at 1-3/4" from the bottom.
- 6) Adhere 1/2" edge to other side of box, then fold in and adhere bottom flaps.

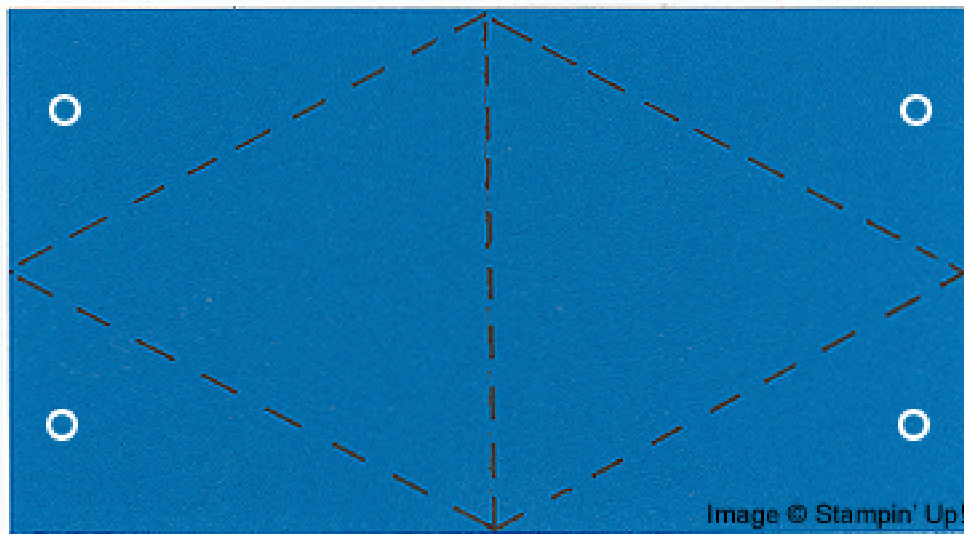

DESIGN IDEAS:

- Fill with shredded paper, and insert candies or party favors.
- Use a cello bag to contain small treats such as jelly beans.
- Attach a handle, using extra card stock and brads, or ribbon.
- Fashion a lid from an extra piece of card stock.
- Wrap Designer Series Paper around each box, and die cut the first letter of each dinner guest's name, and use as favors at each place setting.
- Create cards with quotes to fill the box. A quote-a-day countdown to Christmas makes a nice gift!

TRIANGLE TREAT BOX

- 1) Cut card stock to 8-1/2"x3-1/2".
- 2) Score vertically, at center (4-1/4")
- 3) Measure to horizontal center and make a light pencil mark on right edge, then do the same on the left edge. (1-3/4")
- 4) Score from the mark at each horizontal center, to top center, and from horizontal center, to bottom center, on each side. (see illustration)
- 5) Fold along score lines, and close.
- 6) Punch holes approximately where shown, to string ribbon through, to hold box closed.
- 7) Tie ribbon closed using a bow or simple loop, to enable multiple opening and closings of the box.

The dimensions for this box were chosen to easily get 3 boxes from one sheet of 8-1/2"x11" card stock.

To create a larger triangle box, simply start with a larger rectangle. Divide the length in half, and the height in half, to find the scoring points.

DESIGN IDEAS:

- Fill with treats, using a small cello bag to contain small treats such as jelly beans.
- Make a witch's hat by adding an extra strip of card stock along the bottom front.
- Lay additional ribbon across the center score mark before folding, then use that ribbon as a hanger to create an ornament.
- Use the ornament idea to create an advent tree or wall hanging, for Halloween or Christmas. Fill each box with treats, a meaningful quote, or a suggested activity for each day.
- Score a piece of coordinating card stock lengthwise and adhere to back of triangle to use as an "easel" to stand the triangle on end.
- Makes a great "over the hill" party favor when standing on end, decorated as a mountain peak.
