dear friends

This catalog—and this year—marks a significant milestone for Stampin' Up!® We are celebrating 20 years of offering rubber stamps and accessories to creative crafters like you!

I pulled out our very first catalog recently and smiled. All I can say is that we did our best with what we had, and we've certainly come a long way! I'm so pleased with the variety of images and accessories we offer today, the quality of our products, and the creative project ideas we provide.

We are committed to offering stamps and crafting supplies that allow you to explore and express your creativity in as many ways as you would like. Personally, my recent stamping obsession is home décor, especially holiday decorations! You'll find lots of stamps and accessories that work great for stamping on walls, furniture, accents, and seasonal decorations.

Cards and scrapbooking are also favorites, and if you're like me, the projects you see on these pages spark all sorts of ideas.

The past two decades have been wonderful, and we thank you for growing with us and for your support and enthusiasm. We look forward to the next 20 years—and more—of serving you!

step 1

Stamp the image on card stock using a VersaMark pad (page 193).

2

step 2

Place your card stock in a Powder Pals® tray (page 190). Pour Stampin' Emboss powder (190) onto the inked image, making sure that the image is completely covered.

3

step 3

Shake off excess powder into the tray and funnel it back into the container.

4

step 4

Heat the stamped image using the heat tool (page 190) only until the powder changes to a shiny liquid and rises.

heat embossing

When you want the stamped images to take center stage, try heat embossing—a classic technique that creates amazing results. With ink, embossing powder, and a heat tool, you can create raised, shiny images for your projects. For once, it's fun being in the hot seat.

1 step 1

Start with your ribbon (pages 186–187) around your card or project with ends pointing away from you.

2 step 2

Cross left end over right end, wrap around, and pull through. Make sure to pull gently to avoid twisting or wrinkling your ribbon.

3 step 3

Place your finger in the middle to hold ribbon tight. Cross right end over left end, wrap around, and pull through.

4 step 4

Pull knot gently, untwisting and arranging ribbon as needed. Trim ends with Craft & Paper Scissors (page 192).

tying the perfect bow

If you find yourself tying and retying your ribbon to create a perfect bow, you're not alone. Fortunately, you can be a pro with a bow in no time! Just follow these four steps to tying the perfect bow . . . then take a bow when your friends admire your beautifully beribboned creations.

God is our refuge and strength, therefore we will not fear.

1

step 1

Stamp a line-art image using a StazOn ink pad (page 193).

2

step 2

Prepare the image for watercoloring by tracing around the image with an Aqua Painter (page 193).

3

step 3

Press the closed lid of a Classic Stampin' Pad (pages 162–165) down against the ink pad, creating a small pool of color in the lid. Then, open the lid and use an Aqua Painter to lift the ink from the lid and apply it to the edges of the stamped image.

4

step 4

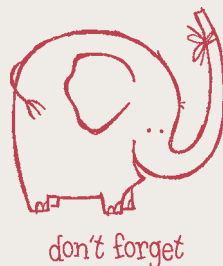

Pull the color from the edges of the image to the center to create shading.

watercoloring with aqua painters

Create vivid and colorful line-art images with watercoloring. Whether you use Watercolor Wonder Crayons (page 163) or Classic ink (pages 162–165), the process is simple.

It's like the coloring you used to do as a kid—but a lot more fun.

step 1

Add a few drops of ink from one of our Classic ink refills (pages 162–165) to a small container of water. The more ink is added, the more intense the color will be.

2

step 2

Stir the ink into the water. Then, take a flower from the Pretties Kit (page 185) and place it in the colored water.

3

step 3

Keep the flower submerged to ensure it becomes completely saturated with color.

4

step 4

Remove the flower from the water and set it aside to dry. Then it's ready to be added to your project.

making a difference

Our Statement of the Heart (above) reflects our commitment to making a difference in people's lives. On an individual level, we build relationships with customers, hostesses, and demonstrators. We also strive to make a difference on a larger scale. Demonstrators donate their time at Ronald McDonald House Charities®. In addition, Stampin' Up! fundraisers have generated more than \$2,000,000 for charities in Canada and the US.

Stampin' Up! designs an exclusive stamp set every year to help raise money for Ronald McDonald House Charities® (RMHC®). With the help of our demonstrators and customers, we have contributed nearly \$700,000 to date. When you purchase this Say It with Scallops set, we'll donate \$2 to RMHC.
