dear FRIENDS

Color!

That's what immediately caught my eye as I looked over our new Idea Book & Catalog. We've updated our colors (we're calling it a color renovation) and organized our new color offerings into four new color collections that are fresh and exciting! Plus our In Colors will be available for two years, instead of just one; we'll be introducing five new In Colors every year, so starting in 2011, there will be a total of 10 In Colors to choose from.

You can see the difference on almost every page of the catalog. The project ideas are fabulous, the design of the catalog makes it easy to see what accessories are available in the new collections, and—if you're like me—you can't wait to get your hands on these colors and start creating!

Of course, once I got over the excitement of the color, I concentrated on the stamps. (And that's a first—usually I focus on stamps to begin with!) And my enthusiasm grew. I know I say this every time, but I continue to be so impressed with the diversity of images we offer. Regardless of your personal taste and style, you'll find plenty to choose from!

And coordinating products—both images and colors—continues to be a Stampin' Up!® strength. You can find all sorts of accessories, from punches (I love the way this catalog outlines images in color that have coordinating punches!) to paper, from ribbon to brads. Creativity is so much fun when you have products that work together so well!

Join me in celebrating hundreds of exclusive images, vibrant colors, high-quality accessories, and everything else you need to enjoy the journey of creativity!

color COORDINATION

No doubt there's more than one way to combine colors. Fortunately, we make it easy for you to achieve color success with every project. Try any of these fun ways to play with color. If you're a color beginner, our Getting Started color choices (p. 165) are the perfect way to get your feet wet. Another easy approach is to combine colors within collections for quick coordination. A fun option is to play with color by doing some cross-collection color creativity—and our easy-to-use Color Coach® (p. 165) can help you do that.

YOUR STAMPS YOUR CHOICE

No matter your preference, enjoy high-quality, made in the USA rubber stamps in both clear-mount and wood-mount options. And with all hostess and many new and carryover sets available in both options, your stamps will reflect your personal style just as much as your stamped creations do!

All stamp sets are shown at 100 percent unless otherwise noted.

wood-mount STAMPS

Choose wood-mount stamps if you prefer stamping with our high-quality farmed maple wood blocks and you like your images permanently mounted for quick stamping.

Wood-mount sets come in clear, sturdy plastic storage boxes. A label you adhere to the box makes it easy to find the set you're looking for. Boxes are also easy to stack.

W Look for this symbol showing wood-mount sets.

❖ 1 ❖

❖ 2 ❖

❖ 3 ❖

WOOD BLOCK MOUNTING

1. Remove die-cut stamp from rubber and match stamp to correct block.
2. Peel backing off stamp and adhere to block. Position stamp as it appears on label.
3. Apply labels to block. Apply stamp set name label to end of box.

Our images earned the *Creating Keepsakes* Readers' Choice Award for nine years in a row! And our Idea Book & Catalog received the Readers' Choice Award for best idea book.

clear-mount STAMPS

Choose clear-mount stamps if your storage is limited or you want to reposition or combine images on blocks.

Clear-mount sets come in DVD-sized storage cases making them easy to store in your readily available DVD storing solution or any shelf. Case front insert shows all images at 100 percent for easy block choice. Spine shows thumbnail images of all stamps to quickly find the set you're looking for.

 Look for this symbol showing clear-mount sets.

CLEAR BLOCK MOUNTING

1. To see stamp artwork through clear block, remove top liner from optional label leaving label on sheet with the adhesive side up. **2.** Align stamp to label with foam side down. Press stamp onto label, and pull stamp up. (Label will adhere to back of stamp.) **3.** Firmly press stamp (label side down) to make it cling to clear block, and start stamping.

We raised the flowers off this card with Stampin' Dimensionals (p. 197). It's an easy way to give your card energy and depth.

You are stronger than this.
You are brave and courageous.
And let's face it.
You're my friend, so that means
you can put up with anything.

Sometimes the only thing making
life's darkest moments bearable
is having someone by your side
reminding you that it will be okay.

**Thank you for being
that kind of friend.**

I've never known someone so brave.
I'm praying for you.

You know that thing I said?
I wish I hadn't. I'm sorry.

Life doesn't always happen just as we planned,
but I plan to be there for you always.

Things have been rough between us.
I just want to say I'm sorry.

May the miracle of Christmas find you safe in the Peace of God, warm in the Light of Christ.

Blessings brighten when we count them!

THANK YOU for blessing my life in such a wonderful way!

Sharing with you the miracle of new hope and new life through the glorious gift of Christ the Lord.

Today is God's gift to you ... Each day you are God's gift to me!

HAPPY BIRTHDAY

A friend is someone who strengthens you with prayers, blesses you with love, and encourages you with hope.

May the God of love be the heart of your marriage, the light of your home, and the ever-present partner in your new life together.

May God's love heal your sorrow, and may His peace replace your heartache with warm and loving memories.

A baby is a gift from heaven above—bringing joy down to earth, filling hearts full of love.

GREETINGS

We cut flowers using the Island Floral die (p. 206) with a variety of Designer Series paper (p. 172–175) and card stock to give our layered flower color, pattern, and texture.

If wishes
could make you well...
you'd be better already!

Two simple words
that come with so much
gratitude...thank you.

Sending you a little
something
wrapped in a whole lot
of love!

Wishing you love
and laughter...
forever after!

Time passes...
friendship stays
right where it's put!

You're a wonderful reason

We used the Heart punch to create windows on this card. We simply punched the heart several times and then placed a strip of textured card stock behind the heart shapes for contrast.

Our new double punches complete two full processes in one punch. The Cogs extra-large double punches once to cut the two outside cog shapes and again to cut out the inside circle shapes, finishing off the cog design. The Petal Card extra-large double punches once to create the inside score lines and again to cut the outside lines. And because both processes happen simultaneously, you only have to press the punch once and you get double the results. When using with stamped images, punch first, then stamp.
