These supplies will make a minimum of 64 treat holders, with lots of ribbon of each color left over. If you want to make enough treat holders to use most of the ribbon, order 4 packages of 12"x12" In Color Textured Card Stock instead of only one. You'll then have enough supplies for approximately 240 treat holders, with 4 sheets of 12"x12" card stock left over.

****TEXTURED CARD STOCK PACKAGE NOTE: Keep the 4 sheets each of 12"x12" Bermuda Bay Textured Card Stock, and Melon Mambo Textured Card Stock, from each 12"x12" In Color Textured Card Stock package, to make 32 Simple Snowflake Treat Holders out of each package, with the addition of a few supplies! Watch my blog for details (<http://procrastistamper.blogspot.com>), or email me for specifics.**

Please email me for cutting instructions, to ensure you have properly sized supplies to get pieces for 4 treat holders from each 12"x12" sheet.
