So Green Activity Week
(optional recycling challenge)

Track & earn *So Green* points all week and exchange points for raffle tickets at the Main Event!

Monday: Save a Tree (or maybe a branch) by sending a recycled card. Take a card you have received and either cut it up to create a new card or simply glue a new message over the old one.
2 POINTS

Tuesday: Reduce Pollution. Walk somewhere instead of driving. Why not park in one place and accomplish more than one errand without moving the car?
4 POINTS for walking from home, 2 POINTS for combining errands

Wednesday: Reduce waste. Visit a recycling center in your area to learn more about recycling. Don't forget to take a bag of recyclables with you! (try Wise Recycling on Union Blvd.)
4 POINTS for going, BONUS 2 POINTS for taking recyclables

Thursday: Recycle goods for a good cause. Take a donation to a local charity/nonprofit or thrift store so your trash can become someone's treasure. (Church, ARC, Good Will, Salvation Army, School, Library, Pet Rescue) 3 POINTS

Friday: Show off your earth-friendly creativity. Make a card or small gift using recycled materials and bring it to the So Green Event on Saturday. 2 POINTS
